BIOGRAPHY

Prof Rupert Ward

Professor Rupert Ward is a former Special Adviser to HRH-The Duke of York, KG, and Project Lead for The Duke of York, Inspiring Digital Enterprise Award. He is a National Teaching Fellow and Principal Fellow of the Higher Education Academy. He co-authored the University's highly successful assessment and feedback strategy, and has been part of teams recognised nationally for assessment and feedback, student experience, customer service excellence and enterprise. Rupert is Professor of Learning Innovation and Associate Dean (International) within the School of Computing and Engineering. He is a board member of the Council for Professors and Heads of Computing and a member of the BCS Accreditation Committee, a Fellow of the British Computer Society and the Chartered Management Institute, a Chartered Engineer, Chartered IT Professional, Chartered Manager and Chartered Scientist.

SEMINAR OVERVIEW

This Seminar will provide an opportunity to discuss and propose a Roadmap for the uptake of technology resources to enhance the teaching and learning experience for staff and students at the University of KwaZulu-Natal.

Professor Ward will share his experiences in designing and implementing strategies for improving engagement with students through technology adoption, as well as explore the potential use of analytics within course delivery.

The Seminar will provide the basis for the development of a Roadmap for the Implementation of Technology Enhanced Learning at the University of KwaZulu-Natal.
