<p>With fewer learners passing Mathematics year on year, and even fewer meeting the entrance requirements of universities, UKZN is taking a holistic approach of providing content training to teachers. This 13 week certificate programme will <b>provide teachers with the knowledge and skills needed to teach Mathematics</b> from grades 10 – 12. It is designed for teachers who may currently be teaching Math, or who would like to specialise in this subject, and who meet the minimum requirements for admittance into a BSc degree.</p>	 <p>UNIVERSITY OF KWAZULU-NATAL INYUVESI YAKWAZULU-NATALI Extended Learning</p> <p>UKZN Extended Learning (Pty) Ltd University of Kwazulu-Natal Howard College Campus Room 304, Innovation Centre Gate 9, Rick Turner Road Durban, 4001</p>
